NUMBER 80.

PASSED IN SENATE

Agricultural and Legislative, Executive and Judicial Appropriation Bills Went Through.

A DEBATE OVER AN AMENDMENT.

The Building Program of the Navy in the Pending Naval Bill Occupied the House.

The Construction of the Warships in Government Yards Proved to Be a Fruitful Topic of Discussion in the House.

Washington, Feb. 26.—Senate—The senate Thursday passed both the agricultural and legislative, executive and judicial appropriation bills. An amendment to the agricultural bill suggested by Mr. Hepburn (Ia.) caused an animated discussion. It contemplated supervision of interstate commerce so as to prevent the transfer of plants or seeds fraudulently marked from one state to another. The amendment started a debate on paternalism. It was ruled out on a point of order.

House—The building program of the navy contained in the pending naval bill occupied the attention of the house throughout the day, and the fight is by no means over. The minority members of the naval committee, under the leadership of Mr. Meyer (La.), first gave their endorsement to the measure, are campaigning for a reduction in the number of ships to be authorized. The amendment to strike out the one battleship made Wednesday by Mr. Burton (O.) was defeated. The cruisers then were put to the test, and enough friends for them were found for their retention. Construction of the ships in government yards proved to be a fruitful topic for discussion and an amendment by Mr. Bell (Cal.) requiring one collier to be built in a government yard was adopted. A proposition for a preferential of 4 per cent. in favor of bids from the Pacific coast was defeated after Mr. McDermott (N. J.) had delivered a humorous speech in which the shipbuilding trust and the state of New Jersey were put forward for the charitable consideration of the house.

Representative S. W. Smith (Mich.) introduced a bill directing the attorney general to institute quo warranto proceedings against the Washington Gas Light Co. for the purpose of having determined and adjudicated the action of the company in issuing \$2,600,000 in stock without authorization and presenting it as a gratuity to its stockholders.

Senator Fairbanks Thursday introduced an amendment to the sundry civil bill for an appropriation of \$75,000 to pay the United States' portion of the expense of a building in Washington for the International Bureau of American Republics and the Columbus memorial library, and \$50,000 for the purchase of a site.

Senator Kean made a favorable report from the senate committee on foreign relations on a bill to incorporate the American nation institute at Paris.

Senator Elkins introduced a bill to regulate the issuance of receipts and bills of lading by common carriers engaged in interstate commerce.

A CENSUS REPORT.

Production of Crude Petroleum in This Country in the Year 1902.

Washington, Feb. 26.—The census bureau Thursday issued a preliminary report on the production of crude petroleum in the United States during the calendar year 1902. It shows a total product of 89,275,302 barrels of 42 gallons each, valued at \$71,397,739, against 35,163,513 barrels, valued at \$26,963,340, as reported by the 11th census, which covered the year 1889. The report shows that in 1902 there were 118,671 wells, 29,522 operators, 3,033 salaried employees drawing an aggregate of \$2,986,768, and 17,552 wage earners, drawing \$13,242,361. The cost of supplies and materials was \$17,811,512, miscellaneous expenses \$15,811,726 and cost of contract work \$12,936,631.

Died at a Ripe Old Age.

West Point, Ky., Feb. 26.—Balsie Franzell, sr., one of Hardin county's oldest citizens, died at his home here in the 91st year of his age. He was born in Strasburg, Germany, and had lived here for nearly 30 years.

Distillery to Resume.

Petersburg, Ky., Feb. 26.—It is said the Boone county distillery will resume operations the middle of March, converted into a spirits house, and will turn out 250 barrels a day and give employment to 100 hands.

The place is prepared for the man who is prepared for the place.—Ham's Horn.

KENTUCKY GENERAL ASSEMBLY.

The Contract For the Public Printing Looked Into.

Frankfort, Feb. 26.—Senate—The investigation of public printing by the special senate committee seems to be assuming proportions. The committee notified a number of witnesses to appear, but none have been examined yet. The senate passed what is known as the Louisville "ripper bill," but only after a hard fight. The senate also passed the bill creating the new county of Thorne out of parts of Pulaski, Whitley and Wayne. The territory in the county is but sparsely settled and property values are extremely low. The bill to create a new circuit court district out of the counties of Magoffin, Knott and Floyd was passed by the senate as a substitute for the house bill which included Breathitt county in a new district.

House—The house passed the bill repealing the graded tax on manufactured tobacco. Mr. Rennaker offered a resolution requesting that Kentucky congressmen secure adequate compensation for rural free delivery carriers. It was laid over. The bill prohibiting the charging of rent for natural or artificial gas meters was reported adversely and killed. The Mueller bill allowing sparring exhibitions with five-ounce gloves was reported favorably and advanced.

OFFICIALS INDICTED.

The Men Are Charged With Subornation of Perjury.

Cynthiana, Ky., Feb. 26.—At the morning session of the circuit court the grand jury returned a true bill of indictment against Judge B. F. French, of Winchester, Ky., and Ed Callahan, sheriff of Breathitt county, charging them with subornation of perjury in allegedly compelling and requesting A. C. Adams to perjure himself in the Jett trial last summer in behalf of Jett. French is a prominent lawyer of Winchester, Ky., and represented Jett in the trial last summer. A. C. Adams was convicted Tuesday of perjury. He pleaded not guilty to the indictment. No evidence was given and the jury found him guilty. He made a most sensational speech for himself in the case Tuesday, implicating French and Callahan. Jasper King is now on trial for alleged perjury in court. He was a juror in the case of Jett and White last summer who refused to vote for the death penalty as the other 11 had agreed and the trial resulted in a life sentence.

May Appeal His Case.

Cynthiana, Ky., Feb. 26.—The motion for a new trial, made by Attorney J. I. Blanton on behalf of A. C. Adams, given a year's sentence for perjury in the Jett-White feud trial, was overruled. Blanton claimed the commonwealth neglected to introduce any testimony after his client's confession. It is yet uncertain whether Adams will appeal the case or not.

Law Against Loitering.

Frankfort, Ky., Feb. 26.—In the house the Alverson vagrancy bill, for which he has made such a strong fight, was taken up and passed, after striking out the emergency clause. The vote was 55 to 5. It makes more stringent the laws against loitering.

All Committed Suicide.

Versailles, Ky., Feb. 26.—Almont Yowell, aged 70, committed suicide with paris green at his home near Clifton, this county. Two of Yowell's brothers killed themselves by taking poison and his son, Wiley Yowell, ended life by shooting himself.

Prisoners Taken to Prison.

Hopkinsville, Ky., Feb. 26.—Sheriff Davis left with John Woodruff and Francis Drake, who were taken to Edwinstown to serve life sentences for the murder of R. H. Coffey at Empire. The court of appeals affirmed their cases a month ago.

Dangerously Shot in a Scuffle.

Richmond, Ky., Feb. 26.—In a scuffle with a traveling showman Sam Bales, a young man of this town very prominently connected, was dangerously shot through the lungs, and the chances of his recovery are considered doubtful.

Statute of Mortgage Limitation.

Frankfort, Ky., Feb. 26.—Mr. Bourne's bill, making void a mortgage at the end of 15 years, unless at the time the obligor and obligee sign an extension of note, was passed by a vote of 42 to 24 in the house Thursday.

Sold the Stock.

Henderson, Ky., Feb. 26.—The Henderson Grocery Co., composed of F. H. Frayser, F. N. Frayser and others, Thursday sold its wholesale grocery stock to Charles W. White, of Louisville, and B. Mann, of this city.

Louisville, Ky., Feb. 26.—Brother Stanislaus, said to have been the oldest Xavierian brother in America or Europe, died in St. Xavier college. In private life Brother Stanislaus was Peter Lucas.

ATTACK RENEWED.

Gen. Pfing Says Japanese Were Again Repulsed on Thursday at Port Arthur.

THE VICEROY MAKES SAME REPORT

It is Thought That the Japanese Are Determined to Bottle Up the Russian Fleet.

The Japs Have Landed Troops at Possiet Bay and Subsequently Undertook Operations Against Hunchun and Towards Kirin.

St. Petersburg, Feb. 26.—Following the dispatch of Maj. Gen. Pfing, saying the Japanese had again attacked Port Arthur Thursday morning and had been repulsed, Viceroy Alexieff has sent in an identical report to the czar.

The fact that the Japanese have renewed the attack is interpreted here to mean that they are determined to bottle up or destroy the Russian fleet at Port Arthur in order to give themselves freedom for land maneuvers to cut off or invest the city, or as a feint to cover a movement elsewhere.

Yin Kow, Feb. 26.—Native reports that the Japanese have landed at Possiet bay, and subsequently undertook operations against Hunchun and towards Kirin, have received qualified confirmation from English missionary refugees who have arrived at New Chwang. The people say the Russo-Chinese bank has removed from Kirin to Kwan Cheng Tsi, where commercial interests are seeking safety and defense. This reported advance has produced consternation among the European civilians residing in the line of march. It is reported also that the Russian government bureau at Vladivostok has withdrawn to Khavarsk. Foreign engineers on the Shan Hai Kwang-New Chwang railroad say that according to their information there is no Russian force west of the Liao river, with the exception of a guard of 25 Cossacks at Koupantzu.

London, Feb. 26.—War correspondents and Europeans in Japan, commenting upon the success of Japanese officials in preserving secrecy regarding all the operations of war, declare this "conspiracy of silence" is not only confined to government and service circles, but that it extends to every section of the community. All classes of people are submitting with marvelous patience to being deprived of news which they recognize as imperative to the success of the cause. It is undoubtedly in pursuance of this policy that no Japanese account of the Port Arthur attacks has yet been published and none is expected until Adm. Togo has completed his designs there.

In the meantime if the report from Yin Kow of a Japanese landing near Vladivostok, which at present is based on missionary and native statements, should prove correct, a most important and new development in the Japanese operations will have been revealed, as it points to an attack on Vladivostok, from which Possiet bay is only a little over 70 miles distant.

The report that the railroad has been cut between Harbin and Vladivostok may possibly be connected with these operations; but until more reliable information is forthcoming, this report must be received with reserve. It has already been reported from Tokio that certain Russian forces were concentrating at Possiet bay.

Almost all the English newspapers, in discussing Viceroy Alexieff's reports, incline to the belief that Adm. Togo succeeded in so far as to make the channel impassable for large battleships, even if it is still free to smaller craft, and presume that the reported second attack was devoted to an attempt to sink further obstacles to navigation.

IN REVENGE.

Reported Russians Burned a Village and Massacred Inhabitants.

London, Feb. 26.—In a cablegram from Shanghai a correspondent of the Daily Mail reports the arrival there of the Japanese cruisers Izumo, Suma and Akitsushima. A Tien-Tsin correspondent of the Standard sends a report from a native source that the Russians have burned a large village near the Sungari river and massacred the inhabitants, including the women, in revenge for an attempt to wreck the Sungari bridge.

For a Monument at Fort Recovery.

Washington, Feb. 26.—The senate committee on military affairs authorized a favorable report on a bill appropriating \$25,000 for the erection of a monument at Fort Recovery, O., for 530 men and 51 officers under Gen. Arthur St. Clair, who were massacred by Indians.

THE VICKSBURG INCIDENT.

It Caused Much Irritation Against the United States in Russia.

St. Petersburg, Feb. 26.—The irritation against the United States on account of supposed unfriendly attitude of that country towards Russia, which was slightly noticeable throughout the negotiation, seems to have become daily more pronounced; and since the Vicksburg incident at Chemulpo (when the commander of this American gunboat is said to have refused to unite with the commanders of other foreign warships at Chemulpo to protest against the fighting which resulted in the loss of the Russian warships Varlag and Korietz, and the fact that the Vicksburg did not take on board survivors of the Russian ships), American business men here are really alarmed concerning the possible effect upon American trade.

Within the last few days orders for American goods have been countermanded, the only explanation given being that the prospective purchasers did not desire to buy American goods under the present circumstances. United States Consul General Watts has been appealed to in the case of the American firm which had a large contract for school supplies, the contract having been peremptorily cancelled.

Orders for the importation of a big consignment of wood pulp have also been countermanded, the intending purchaser saying in his letter that he could not be expected to do business with America after the Vicksburg incident.

THE YALE EXHIBIT.

The Details of the Exhibition Have Been Announced.

New Haven, Ct., Feb. 26.—The details of the exhibit which Yale university will send to the St. Louis exposition were announced Thursday. The main feature will be a full representation of the old campus—the buildings, old fence and gates standing out in relief. The model will be on a scale of 12 feet to the inch. Large photographs of the Yale buildings and engravings of the Yale alumni will also be a part of the exhibit. There will be an exhibition of forest school work under the direction of Prof. H. S. Graves, and a reproduction of pterodactyl, an extinct animal, which has never before been exhibited, will be shipped to the exposition from the Peabody museum.

GOLD FROM JAPAN.

Steamer Doric Brought to the Amount of \$1,025,000 in American Gold.

San Francisco, Feb. 26.—The steamer Doric, which arrived Thursday from the Orient, brought a specie tank Japanese gold yen amounting to \$1,025,000 in American gold. Much of this money was sent here in payment of supplies for the army and navy of Japan that had been purchased in the past few months. Stowed in the hold of the steamer was about 550 tons of merchandise that will make up the bulk of the Chinese exhibit at the World's fair at St. Louis.

Among the passengers were F. A. Carl, of the commission of the Imperial Chinese customs service, who will have charge of the Chinese exhibit at the fair.

CHARGED WITH LARCENY.

Wallace H. Ham Held on a \$50,000 Bond in Boston.

Boston, Feb. 26.—Wallace H. Ham, manager of the Boston branch of the American Surety Co., of New York, treasurer of St. Luke's home for convalescents, Roxbury, and until recently treasurer of St. Paul's Episcopal church in this city, was arrested Thursday charged with larceny of \$104,000 from the American Surety Co. He was arraigned and held by Judge Ely in \$50,000 for hearing March 3. In court, George N. Berry, counsel for the surety company, stated that although the warrant alleged the appropriation of \$104,000, he was ready to prove that as much as \$175,000 had been taken by him as manager of the surety company. Mr. Berry said that Ham also was responsible for a loss of from \$40,000 to \$50,000 in the hands of St. Luke's home.

Washington, Feb. 26.—The senate of two University of Edinburgh has conferred the hood and gown degree of doctor of laws on Hon. Hannis Taylor, former United States minister to Spain.

Western Iowa's Oldest Man Dead.

Sioux City, Ia., Feb. 26.—Jas. Bare, the oldest man in Western Iowa, is dead, aged 102. Bare never wore glasses and could see to thread a needle up to the time of his death.

Mrs. Lewis Released From Prison.

Sigourney, Ia., Feb. 26.—Mrs. Belle Lewis, who was charged with the murder of her husband by poison, was released from prison Thursday after a trial lasting nine days.

ARE STILL PROBING

Detectives in the Schafer Murder Case Claim to Have a New Clew.

THE STRONGEST YET OFFERED.

Cuff and Cuff Button Found in the Shed After the Crime Plays Important Part.

Said the Murderer Went to Linton the Morning After the Murder and His Guilt Is Known to Two Men.

Linton, Ind., Feb. 26.—After being closeted with John A. Riddle and Chas. E. Jones for several hours, Detective Reed, at work on the Schafer murder case, left for Bedford Thursday. Detective Reed told the Linton men that the officers regretted the scant courtesy shown the effort to run down the murderer and said that the clew furnished by Jones and Riddle is the strongest one that has been offered. When the detective left here he said he could make the arrest as soon as he reached Bedford, if he desired.

It is said that the murderer of Miss Schafer came to Linton the morning following the tragedy and that his guilt was learned that day by John A. Riddle, who, with Charles E. Jones, a newspaper man, offered the information to the board of inquiry, which promptly rejected it.

The Linton men intimate they have information that the suspect returned to Bedford Thursday. Both Riddle and Jones assert that the man does not have a suspicion that he is being shadowed.

Bedford, Ind., Feb. 26.—Immediately after the arrival of Detective Reed from Linton the members of the board of inquiry were called together for a conference. The officials acknowledged after the conference had closed that it was significant and had to do with the Linton clew, but refused to discuss the details.

It is intimated that the cuff and cuff button which were found in the cab shed several days after the murder was committed will play a prominent part in the future investigation. It is said that the jeweler who has been trying to find a mate for the cuff buttons has been successful and it is intimated that he will be taken to Linton to assist the detectives in their investigation. No arrest is expected for several hours.

GLASS WORKERS' CONVENTION.

Both the Denny and Burns Organizations Met at Muncie.

Muncie, Ind., Feb. 26.—The first session of the convention of glass workers from both the Denny and Burns organizations was begun here Thursday and continued Thursday night. One hundred delegates were present, representing 26 factories in Indiana, Ohio and Pennsylvania. The only action taken was the appointment of a committee of eight to adopt resolutions favoring amalgamation. Action on the resolutions was deferred until Friday.

TO ATTEND MINERS CONVENTION

A Large Delegation Will Leave Wilkesbarre Saturday.

Wilkesbarre, Pa., Feb. 26.—A large delegation of miners will leave on Saturday for Indianapolis to attend the miners' national convention next week. Every delegate from the anthracite regions has been instructed not to allow the bituminous miners to accept a reduction in wages. They are to give them their undivided support, which will be carried out by the anthracite mine workers.

Japanese Refugees Ill-Treated.

Pekin, Feb. 26.—Private advices received here from New Chwang confirm the reports of the ill-treatment of Japanese refugees at the hands of the Russians, while they were journeying through Manchuria.

Engagement Announced.

Mexico City, Feb. 26.—The engagement is announced of Miss Cathleen Clayton, youngest daughter of United States Ambassador Powell Clayton, to Arthur Cunningham Grant Duff, charge d'affaires of Great Britain.

United States Marines Embarked.

Colon, Feb. 26.—The auxiliary cruiser Dixie embarked 450 marines here Thursday, being Maj. Cole's division, and left Thursday night for Chiriqui lagoon. Her ultimate destination is declared to be Philadelphia.

Will Not Invite Bryan.

Jackson, Miss., Feb. 26.—The lower house of the Mississippi legislature Thursday voted down almost unanimously a resolution to invite W. J. Bryan to address the legislature.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.
FRIDAY, FEBRUARY 26 1904

The Japs have been keeping Russia on the jump of late, but they haven't been so busy as to prevent them sending a million-dollar exhibit to the World's Fair at St. Louis. The enterprise of the little empire is commendable.

FAIRNESS and justice will never agree to the confiscation of the products of one man's toil in order to insure comfort to the idle and worthless. The old law of compensation is operative now as ever. No "ism" is wanted by the American people that will take from any citizen the just and equitable reward of his labor.

The above was uttered by the late Senator Hanna. It reads all right, but it is not being practiced in this country. The "law of compensation" in many instances is not in operation. On the contrary every hook and crook is resorted to beat the laborer out of at least a portion of his "just and equitable reward."

The sensational confession of A. C. Adams at Cynthiana in pleading guilty to the charge of perjury in connection with his testimony at the Curt Jett trial affords a startling insight into the tactics resorted to by that Breathitt County gang of assassins and murderers to evade the law's clutches. As the Courier-Journal truly states:

These developments reveal nothing that has not long been apparent to observers of affairs in Breathitt County. It has been clear that Jett and White were not alone in their murder of James Marcum; that extraordinary means were taken to manufacture testimony in their favor; that from the moment of Jett's pistol shots, to go no further back, every effort of certain law officers of Breathitt County was bent towards shielding, instead of bringing to justice, the murderers of Marcum.

Why the proper authorities have not taken steps to impeach and remove from office the Breathitt County officials implicated in these crimes, needs explanation.

IS FOR KEHOE.

Allie Young Will Not Oppose Ninth District Congressman For State Senator.

[Lexington Democrat.]

"I will not be a candidate for Chairman of the State Central Committee against Jim Kehoe," said Judge Allie W. Young, of Mt. Sterling, yesterday afternoon as he was waiting in this city for the C. and O. passenger train on his way to Frankfort. "He and I have always been the very best of friends, and come virtually from the same Congressional district and under the circumstances I do not think that I will be a candidate for that position. I have been the Chairman of the committee for four years and have done my party in the State about all the good in that way I can, and I have no objection now to some one else taking my place, and I know of no better man for it than Kehoe."

Wanted—Blue Grass Sod.

What blue grass farm will furnish the sod for the Kentucky Building lawn at the St. Louis World's Fair is a question propounded by the Kentucky World's Fair Commission.

It has been definitely determined to sod the entire lawn around the "New Kentucky Home" at the exposition—an area of 2,500 square yards, exclusive of walks. The commission believes there are many owners of the blue grass farms who will agree readily to furnish the sod necessary and it has, therefore, determined to extend an invitation to these gentlemen to supply the amount required.

The commission will pay all freight charges and full credit will be given the farm or farms furnishing the sod.

Correspondence on the subject is solicited. All communications should be addressed to R. E. Hughes, Secretary Kentucky World's Fair Commission, Louisville.

DR. C. TABB PEARCE.

Cincinnati Paper Announces Approaching Marriage of a Former Maysvillian.

[Times-Star.]

The brief announcement from Minneapolis to the effect that Smith B. Hall, a newspaperman of some note, had secured a divorce from Mary Hall, the actress, was read with much interest by the many friends of the lady in this city for the reason that it prefaced another announcement that will be made within a few days, namely, of the engagement of Miss Hall to Dr. Charles Tabb Pearce, a popular young physician of this city. It has been understood among the friends of Miss Hall and Dr. Pearce for some time that they would be married when she succeeded in securing her freedom from Mr. Smith, to whom she was married in 1895. Their wedded life was not a happy one for the reason that Mr. Smith was opposed to his wife following a professional career, and because of the fact that Miss Hall found that her husband did not meet the ideals that she had anticipated in him.

A story to the effect that Dr. Pearce had leased a residence on Chapel street, Walnut Hills, as the home for his future bride, was not given corroboration by the physician, although it is understood that the house has been engaged for some time and will now be placed in readiness for the habitation of the happy couple. It is expected that Miss Hall will finish her present season as a member of Mr. Sothern's company, and that the wedding will take place early the coming summer. It is not unlikely that Miss Hall will retire from the stage at the close of this engagement, and that in future she will make Cincinnati her home.

Dr. Pearce is one of the leading members of the younger order of physicians in this city. He came to this city from Maysville about twelve years ago and besides establishing a large practice, has been prominent in lecture work before the various medical colleges of the city. He is the son of a banker of Maysville. Miss Hall was the most popular leading lady the Pike company ever had, winning the hearts of the patrons of the theatre not only by her good work and her beauty, but also by the quiet, unostentatious, exemplary life she led off the stage. She is appearing with Mr. Sothern's company in Chicago this week.

The damage suit of Rob't W. Dryden against the H. E. Pogue Distillery Company was decided Thursday in favor of the company on peremptory instructions from the court.

At North Middletown, Wm. McCray bought of Walter Rice 15,000 pounds of tobacco at 9c, of R. M. Gilkey 10,000 at 7½c, of Arnold & Laughlin 7,000 at 10c, and 2c., of K. P. Moore 15,000 at 8½c, of Dave Pence 20,000 at 8½c, of S. D. Patrick 5,000 at 8c.

Exports of cattle, hogs and sheep were large during January, being \$4,055,000, the only \$4,000,000 mark reached in any month during the last four years. The exports for the fiscal year, thus far, have been \$23,000,000 against \$14,000,000 for 1903, and \$19,000,000 for 1902.

In a letter to Dr. J. M. Blayney, Chairman of the Committee of Notification, Dr. W. L. McEwan, of Pittsburg, declines to accept the Presidency of Central University. He says the responsibility of the work undertaken by him in Pittsburg cannot be shifted to other shoulders.

The farmers are very much behind with their plowing. There are very few that got much done last fall, and since winter set in the ground has been frozen almost continuously. When the weather opens all available teams will have to be rushed if the various crops are to be planted at the proper time.

No more pathetic character in real life could have been introduced in "The Little Homestead" than the hunch backed cripple, whose devotion to the woman who has befriended him while others cursed and scorned, leads him to take the life of the man who has robbed her of home and happiness and has made her forget the marriage vows. Even with his weakened intellect, the cripple realizes he has been put in the world for a purpose and he acts. "The Little Homestead" will be seen at the opera house Wednesday, March 2nd. Seats on sale Monday at Ray's.

THINK OF YOUR TEETH!

Don't wait until a dental bill reminds you of neglect. A clean tooth might wear out; it cannot decay. Many who look after their teeth constantly fail in the selection of a proper brush. A brush to cleanse perfectly must have gentle bristles, just stiff enough, long enough and so trimmed as to reach every nook and cranny. We pride ourselves on our line of tooth brushes. They are honest, practical ones. We look out for the little points that mean much in tooth saving. We don't recommend the cheaper brushes, but for 25c. we can furnish the kind that will endure and that will do what they should while they last.

Our 35c. and 50c. brushes we guarantee to give satisfaction or money back.

Mr. James Rankins, of Mt. Olivet, charged with distributing whisky without a government license was taken to Lexington Wednesday and appeared before Gen. Sam E. Hill, United States Commissioner, who heard the case while sitting in bed, and dismissed Mr. Rankins. He was charged with carrying the whisky to various points along his 'bus route to Mt. Olivet from Maysville.

Wyandotte Tribe No. 3, I. O. R. M., are contemplating giving a street carnival here about the first of June. They now have an option on one of the best carnival companies on the road, who will have twelve pay shows and seven free attractions. The seven free shows will be shown twice each day. It is expected to have this carnival for six full days. It will be advertised thoroughly, and there will no doubt be big crowds each day. This carnival will be within the boundaries of Limestone and Wall and Fourth and Front. It will mean work, which the members of the Red Men volunteer to do. It will mean a first expense of \$1,000, which Wyandotte Tribe has appointed a soliciting committee to collect. They will call on the merchants and citizens early next week. Be as liberal as you can.

DOWN IN AFRICA.

Dr. Layton Talks Interestingly of His Work Among the People in the Far-Off Congo Country.

Dr. Layton, who has been a medical missionary among the tribes of savage people of the Congo country, Africa, the last three years, gave a highly interesting talk at the Christian Church last evening, telling of his experiences. His father was a resident of Mason County at one time, but the Doctor is a native of Lewis. Dr. Layton is a preacher as well as a physician, and his wife, who was with him in his three years work in Africa, is also a physician, being a graduate of one of the Chicago colleges. They were the only physicians in the Congo country, and the speaker laughingly remarked that they had a monopoly of the practice in a country nearly half as large as the United States. Their principal work, however, was preaching the Gospel, and Dr. Layton told of its wonderful power to uplift and civilize these unfortunate peoples. The natives belong to the negro race, but do not resemble the negro of this country, being more like the people of India. The missionaries labor under the greatest difficulties and disadvantages. The climate is such that they cannot remain longer than three years at a time. The average life of the natives is only about twenty-five years. Dr. Layton's description of their crude manner of life, dress and customs was interesting and instructive.

Addressees were also delivered at the rally last evening by Rev. Mr. Porter, of Vanceburg, and Rev. Charles W. Barnes, of Orangeburg, the former answering some of the objections made to foreign missions and the latter speaking of the reflex influence of missions upon a nation, the church and the individual. It is a matter of regret that many more were not present to hear these able and powerful addresses.

Mr. Dennis Hanley, of Bourbon, has recovered from a recent attack of rheumatism.

The meeting in Rev. Geo. P. Taubman's church at Portsmouth had resulted in 215 additions to the membership at last accounts.

Byron Hutchins, a negro boy, while stealing a ride at Dover, had one of his legs broken and badly bruised by its getting caught in a buggy wheel.

Frank Newman has delivered 20,115 pounds of tobacco to W. S. Henderson, of Dover, at 7 1/2 c., with \$25 off. His crop weighed out 4,000 pounds more than he expected.

Farmers in Boyle County are estimating a very light wheat crop for 1904. The land owners and renters are considering the question of turning all the wheat sown under and preparing the ground for corn.

W. M. Forrest, formerly pastor of the Christian Church at Dover, but more recently employed in the foreign missionary field, will probably fill a chair at the University of Virginia, which has been endowed by the C. W. B. M.

D. Hechinger & Co.

Never before in the history of our business have we been so successful in reducing, in fact almost closing out our winter clothing. Our past four weeks reduced price sales left us the smallest kind of margin profits. To close out the last Suit and Overcoat we have left, these profits, and losses on top of them will be sacrificed in a sale beginning Wednesday morning, February 24th, and ending March 5th, that will be an epoch in Maysville's clothing business.

Nothing in This Sale is Reserved Except Our New Spring Cravenette Coats!

All of our Stein-Bloch, L. Adler Bros, and Garson-Meyer & Co. Suit and Overcoats are included in these slaughter offerings. Read the reductions: All of our \$8.50 and \$10 Suits and Overcoats go at \$6.50. All of our \$12, \$15 and \$16.50 Suits and Overcoats go at \$10. All of our \$18.50, \$20 and \$22.50 Suits and Overcoats go at \$15. ALL OF THESE ROCHESTER MADE. To give the youngsters the greatest bargains we ever offered, one-third of the price of our children's and boys' Suits and Overcoats will be taken off during the sale. SPOT CASH will be the only terms. Money returned if displeased with your purchase. Don't miss this sale.

BEEF FOR RUSSIANS.

The Third Shipment Will Not Be Sent
From San Francisco.

San Francisco, Feb. 26.—The sailing of the steamer China for the Orient has been postponed from Friday until Saturday. On board of the steamer Thursday night workmen were removing 1,000,000 pounds of beef sold to the Russian government and the first two installments were shipped on the steamers Coptic and Corea. The beef was seized by Japanese officials, and it is believed the local sailors received orders at almost the last moment to remove the third shipment from the China.

ROCK AND EARTH CAVED IN.

Five Lives Were Lost in a Mine in Montana.

Butte, Mont., Feb. 26.—Five lives were lost by a cave-in of earth and rock in the Minnie Healy mine Thursday afternoon. The accident occurred on the sixth floor of the 1,000 foot level. Early in the day Foreman Joseph Cano was informed that the ground in that place was very soft and in danger of falling. He withdrew all the miners who were working there. Thursday afternoon Shift Boss Haggerty took four men into the place to strengthen the weak spots.

VIOLATES STATE LABOR LAW.

Five Small Children Taken From a Chicago Theater Stage.

Chicago, Feb. 26.—Five small chil-

dren who are members of the Maxine Elliott company, now playing "Her Own Way" at the Illinois theater, were taken from the stage Thursday night by order of E. C. Davies, state factory inspector. Mr. Yack, manager of the company, was arrested on warrants charging violation of the state labor law, but gave bond for his appearance in court Friday. The children joined the company in New York.

Engineer and Fireman Scalded.

Cairo, Ill., Feb. 26.—An Iron Mountain freight train was wrecked one mile west of Sikeston, Mo., Thursday evening. Engineer William Haek and Fireman W. J. Haas, both of Poplar Bluff, Mo., were caught under the engine and scalded to death.

Gen. Reyes Has a Majority.

Bogota, Feb. 26.—The presidential election in Colombia is still undecided. Gen. Reyes still has a small majority, and it is generally believed the electoral college will declare him president on July 5, with Gen. Gonzales Valencia as vice president.

An Outbreak of Diphtheria.

San Juan, P. R., Feb. 26.—An outbreak of diphtheria has occurred on board the United States training ship Monongahela. The entire crew has been ordered ashore and the ship will be disinfected. Twenty-two apprentices are ill.

To Succeed Rr. Adm. O'Neill.

Washington, Feb. 26.—The president has selected Rr. Adm. George A. Converse, chief of the bureau of equipment of the navy department, to succeed Rr. Adm. Charles O'Neill as chief of the bureau of ordnance.

Biggest Schooner in the World.
Norfolk, Va., Feb. 26.—The seven-masted schooner, Thomas W. Lawson, the biggest schooner in the world, ashore for several days in lower Chesapeake bay, was floated and passed out the Virginia capes for New York uninjured.

Senator Quay Much Improved.
Jacksonville, Fla., Feb. 26.—Inquiry made Thursday night as to the condition of Senator M. S. Quay, of Pennsylvania, who was reported ill at St. Lucie, Fla., brought the response that the senator's health has been much improved.

Hugh Jennings Seriously Hurt.
Ithaca, N. Y., Feb. 26.—Hugh Jennings, the famous baseball player and coach at Cornell, was seriously hurt in the swimming tank here. He dove into the tank which he thought was full of water, but which was empty.

Not a Moment to Lose.

The Kentucky World's Fair Commission is being urged by the exposition officials to forward exhibits to St. Louis without delay. Freight congestion is threatened. Thirty thousand cars, full of exhibits, are expected to reach the World's Fair City in the next five weeks. The Kentucky Commission is leaving no stone unturned to have every Kentucky display ready on time—April 30. To do this it must have all exhibits at the exposition grounds April 1. Counting delays that are unavoidable during a freight congestion, this means that shipments in car load lots should leave Louisville not later than March 15. Exhibitors are urged to rush their samples and specimens to "Kentucky World's Fair Commission, Louisville."

County Clerk Wood's little daughter Eleanor is seriously ill, threatened with pneumonia.

Charles C. Lester and Miss Nancy McDaniel, of Lewisburg, were married Thursday by Judge Newell.
